LIMESTONE COUNTY COMMISSION

Athens, Alabama

11/20/2026

INVITATION TO BID 2936

BIOMETRIC BOOKING AND MOBILE IDENTIFICATION EQUIPMENT

NOTICE IS HEREBY GIVEN that Limestone County, Alabama (County) will receive and open sealed bids for biometric booking and mobile identification equipment for the Limestone County Sheriff's Office, in three (3) separate lots, as described in this Invitation to Bid 2936.

Lot 1 — Two (2) desktop biometric booking / livescan stations for the Limestone County Jail
Lot 2 — One (1) mobile booking / fingerprint capture solution
Lot 3 — Four (4) handheld mobile fingerprint identification devices

HOW TO BID. Bid only the lot or lots you wish to supply. A bidder may bid one lot, two lots, or all three. Each lot is evaluated and awarded separately, and lots may be awarded to different bidders. Complete Attachment 1, Bid Submittal Form, and only the Bid Form for each lot bid — Attachment 2A for Lot 1, Attachment 2B for Lot 2, Attachment 2C for Lot 3. A bidder is not required or expected to bid every lot.

Sealed bids must be received no later than **10:00 a.m.** CST on **Tuesday, December 15, 2026**. Bids will be opened publicly at that time and place. The Limestone County Commission expects to award on **Monday, December 21, 2026**.

Limestone County Commission
310 W. Washington Street
Athens, AL 35611

Written questions must be received no later than **5:00 p.m. CST on Tuesday, December 8, 2026**. Questions and the County's answers will be issued by written addendum to all known recipients of the invitation package.

Bids must be sealed and the outside of the envelope marked: BID — ITB **2936**: Biometric Booking and Mobile Identification Equipment — Lot(s) ____ — Opening **Tuesday, December 15, 2026**. Facsimile, emailed, and oral bids will not be accepted.

This procurement is funded in whole or in part by the U.S. Department of Homeland Security, Federal Emergency Management Agency, under the FY 2025 Homeland Security Grant Program, passed through the Alabama Law Enforcement Agency under subaward number 2025-5LOC-BCR-219.

310 West Washington Street • Athens, Alabama 35611 • Phone (256) 233-6400 • Fax (256) 233-6403
www.limestonecounty-al.gov

The County reserves the right to reject any and all bids for a sound, documented reason, to waive any informality in bids, and to award the lot in whole or in part, as permitted by Alabama law and 2 C.F.R. § 200.320.

Collin Daly, Chairman
Limestone County Commission

Section I — Invitation to Bid

PROJECT BACKGROUND

The County will purchase biometric booking and mobile identification equipment for the Limestone County Sheriff's Office in three separate lots:

- **Lot 1 — Desktop Biometric Booking / Livescan Stations (two stations)**, for the intake and booking areas of the Limestone County Jail.
- **Lot 2 — Mobile Booking / Fingerprint Capture Solution (one unit)**, for booking away from a fixed facility.
- **Lot 3 — Handheld Mobile Fingerprint Identification Devices (four devices)**, for field identification.

Each lot is evaluated and awarded separately. A bidder may bid one lot, two lots, or all three.

THE INVITATION PACKAGE

The invitation package consists of this ITB, its attachments, and any addenda. Bidders should verify they have received all pages. Missing pages may be requested from Christa McCurry at christa.mccurry@limestonecounty-al.gov in sufficient time to prepare and submit a bid.

CONTACT REGARDING BIDS AND INVITATION

All questions shall be submitted in writing to Christa McCurry, Grants and Legal Specialist, at christa.mccurry@limestonecounty-al.gov, and must be received by the deadline stated in the Notice of Bid Opening. Bidders may rely only on representations made in writing by notice or addendum. Answers that clarify or change this ITB will be issued by addendum to all known recipients.

There shall be no communication with any County official or employee regarding this bid between the date of this invitation and the date of award, except as provided above. Other contact initiated by a prospective bidder shall be grounds for rejection of that bidder's bid.

BID SPECIFICATIONS

Specifications for each lot are in Section II. Any use of a specific name or model number is for the purpose of indicating the type, size, and quality of equipment considered best adapted to the County's use and is not intended to restrict competition. An equal product meeting or exceeding the stated specification will be considered.

No individual or firm that assisted the County in developing or drafting the specifications, scope of work, invitation for bids, or needs assessment for this procurement is eligible to compete for or be awarded this procurement.

BIDDER QUALIFICATIONS

Bidders must be prepared to submit evidence that they are qualified to perform. Specifically, Bidder must:

1. Be properly registered to do business in the State of Alabama. Registration is evidenced by a current Certificate of Existence issued by the Alabama Secretary of State for an entity formed in Alabama, or a current Certificate of Authority or equivalent evidence of registration to transact business in Alabama for an entity formed outside Alabama. Bidders are requested to submit this evidence with the bid; a Bidder that does not shall provide it within ten (10) calendar days of the County's notice of intent to award;

2. Be a manufacturer of the proposed equipment or a bona fide licensed reseller, distributor, or integrator authorized by the manufacturer to sell, install, and support the proposed products;
3. Be eligible to receive federal funds and not suspended, debarred, or otherwise excluded from participation in federal programs under 2 C.F.R. § 200.214 and 2 C.F.R. Parts 180 and 3000;
4. Have a registered Unique Entity Identifier (UEI) from SAM.gov, provided on Attachment 1, or documentation that Bidder has applied for and is awaiting assignment of a UEI. Any obligation to pay under an awarded bid is contingent on provision of the UEI;
5. Be able to meet the personnel-security requirements of the FBI Criminal Justice Information Services (CJIS) Security Policy and of ALEA for all vendor personnel who will have access to criminal justice information (CJI) or to systems containing CJI; and
6. For Lot 1, be able to furnish livescan equipment and software capable of submitting electronic fingerprint transactions to the ALEA Automated Fingerprint Identification System / Automated Biometric Identification System (AFIS/ABIS) and, through ALEA, to the FBI, using the submission workflow approved by ALEA. Bidder shall identify the equipment and software proposed; describe the steps, responsibilities, and timeline required to establish and test live submission; and identify the entity that will perform each step. A Bidder may rely on a manufacturer, integrator, or other partner for any or all of those steps, provided the partner is named in the bid, its role is stated, and a signed commitment letter from the partner naming the Bidder and this ITB is included. The Bidder remains solely responsible to the County for all performance, warranty, and contract obligations. Establishing ALEA-approved live submission capability is a condition of final acceptance. For Lots 2 and 3, provide documentation that the proposed solution is approved by ALEA for the proposed workflow, or describe the steps and timeline required to obtain that approval, and identify prior implementations or other evidence of compatibility with Alabama fingerprint submission or identification workflows.

Bidders may, but are not required to, provide up to three (3) references from law enforcement or corrections agencies where the Bidder has installed equipment comparable to the lot bid, including agency name, contact person, telephone number, and email address. The County may contact any references provided to determine whether a bidder is responsible.

Evidence or documentation of these qualifications should be submitted with the bid package.

BID EVALUATION

The Limestone County Commission is the awarding authority and will award at a regular meeting of the Commission.

The County will evaluate each lot separately on the Total Base Bid for that lot, as stated on the applicable Bid Form (Attachment 2A for Lot 1, 2B for Lot 2, 2C for Lot 3). A Bidder that bids a lot must complete every base-bid line on that lot's Bid Form. A base-bid line left blank will render the bid non-responsive for that lot. Enter $0.00 for any base-bid line whose cost is included elsewhere in the bid, and identify where it is included.

Optional items and renewal-year prices are not part of the Total Base Bid. They will be included in the low-bid determination for a lot only if the County decides, before award, to purchase the option at the time of award. Any such decision will be applied equally to all bidders on that lot and documented in the procurement file. Otherwise optional and renewal-year prices are evaluated for informational purposes only.

Award for each lot will be made to the lowest responsible bidder meeting the specifications for that lot. Responsibility includes the ability to perform successfully under the terms and conditions of the purchase agreement. Lots may be awarded to different bidders. A Bidder that bids more than one lot

may not make the award of one lot conditional on the award of another; conditional or "all-or-none" bids will not be accepted.

Before award of any contract or purchase order expected to equal or exceed $25,000, the County will verify that the prospective contractor is not suspended, debarred, or otherwise excluded from participation in federal programs. The method used and the result will be documented in the procurement file.

All bid rejections will be documented and justified in the procurement file.

BID AWARD

Following approval by resolution of the Limestone County Commission, the County will issue a purchase order for each awarded lot, consistent with the terms and conditions in this ITB.

Payment. Payment for each lot will be made fifty percent (50%) upon delivery and installation of that lot, and fifty percent (50%) upon final acceptance of that lot. For Lots 2 and 3, which require no installation at a County facility, the first payment will be made upon delivery and provisioning. No payment will be made in advance of delivery.

Delivery deadline. All equipment for each awarded lot shall be delivered, installed or provisioned, and ready for final acceptance no later than **April 1, 2027**, or the number of calendar days stated by the Bidder on its Bid Form, whichever is earlier. If delay is caused solely by the County or ALEA, the County may extend this deadline by written notice, but no extension shall permit final acceptance after the end of the grant period of performance.

PREPARING AND SUBMITTING BIDS

Bids must be typed or handwritten in ink on the Bid Submittal Form and the applicable Bid Form(s). Bids submitted in pencil, and bids not submitted on those forms, will not be considered.

Bids must be sealed and the outside of the envelope marked: BID — ITB **2936**: Biometric Booking and Mobile Identification Equipment — Lot(s) ____ — Opening **Tuesday, December 15, 2026**. Bids submitted by express or overnight service must be in a separate sealed inner envelope marked the same way. A bid prematurely opened because it was not marked will not be considered. Bids received after the time stated in the Notice of Bid Opening will be returned unopened. Facsimile, emailed, and oral bids will not be accepted.

CONTENT OF BIDS

Attachment 1, Bid Submittal Form, shall be the first document in the bid packet.

The applicable Bid Form (Attachment 2A, 2B, or 2C) must be used for each lot bid and states the Bidder's firm, fixed price for that lot.

Forms required with the bid:

- Certificate of Compliance with the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, and a copy of Bidder's E-Verify Memorandum of Understanding with the Department of Homeland Security.
- Certificate of Compliance with Act 2016-312.
- Certificate of Compliance with Act No. 2023-409.
- IRS Form W-9.

- Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion — Lower Tier Covered Transactions.
- Attachment 4, Section 889 Compliance Certification, completed for each lot bid.

Copies of these forms, other than the E-Verify Memorandum of Understanding, are included in Attachment 3.

Technical documentation required with the bid, for each lot bid:

- Manufacturer's literature or technical specifications for all proposed hardware and software, identifying manufacturer and model of each major component.
- The minimum network, electrical, space, and environmental requirements the County must provide.
- Licensing terms for all software proposed, and the completed Recurring Cost Disclosure on the lot's Bid Form.
- A written statement of all County, ALEA, network-provider, JMS/RMS-provider, and other third-party work required before the system can submit or query live transactions, and any fees charged by parties other than the Bidder, if known.
- For Lot 1, the ALEA submission information required by Bidder Qualification 6, including any partner commitment letter.
- For Lots 2 and 3, ALEA approval documentation or the approval plan described in Bidder Qualification 6.
- A list of the Jail Management System / Records Management System platforms with which the Bidder has completed prior integrations.
- Warranty and support terms, including the disclosures required in Section II.
- Any exceptions to the Bid Specifications, as a separate document attached to the Bid Submittal Form, referencing the lot and the excepted criterion.

MINIMUM LEGAL REQUIREMENTS

Bidders shall comply with all applicable federal, state, and local laws, regulations, and ordinances. Alabama law governs, without regard to conflict-of-law principles. At a minimum:

Beason-Hammon Act. Under Section 31-13-1, et seq., Code of Alabama 1975, the contracting parties affirm for the duration of the agreement that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. A party found in violation shall be deemed in breach and responsible for all resulting damages.

Act 2016-312. Under Section 41-16-5, Code of Alabama 1975, Bidder certifies that it is not currently engaged in, and will not engage in, the boycott of a person or entity based in or doing business with a jurisdiction with which Alabama can enjoy open trade.

Act No. 2023-409. Bidder provides written verification that it does not and will not, during the term of the contract, engage in economic boycotts as defined in Section 1 of the Act. This requirement applies to a Bidder that employs ten (10) or more employees where the contract could exceed $15,000 over its term.

Federal award requirements. Bidder shall comply with all requirements applicable to the federal award passed through to the County by ALEA under subaward 2025-5LOC-BCR-219, including the award terms and conditions and the FEMA Preparedness Grants Manual, and shall provide for such compliance in any agreement it enters with another party relating to this ITB.

Federal regulations applicable to this procurement include, without limitation:

1. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 C.F.R. Part 200, as adopted by DHS at 2 C.F.R. Part 3002, including the required contract provisions in Appendix II to 2 C.F.R. Part 200;
2. Universal Identifier and System for Award Management, 2 C.F.R. Part 25;
3. Governmentwide Debarment and Suspension, 2 C.F.R. Part 180 as adopted by DHS at 2 C.F.R. Part 3000, and the prohibition at 2 C.F.R. § 200.214 on contracting with suspended or debarred parties;
4. Prohibition on certain telecommunications and video surveillance services or equipment, Section 889 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. 115-232, and 2 C.F.R. §§ 200.216, 200.327, and 200.471. No equipment, system, or service provided under this ITB may use covered telecommunications or video surveillance equipment or services produced or provided by Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company, or any subsidiary or affiliate, including equipment or components built into a larger system or sold under another brand. Bidder shall complete Attachment 4 for each lot bid. Before award, the County will review the apparent low bidder's Section 889 representations through the GSA 889 Representations Tool;
5. Domestic preference for procurements, 2 C.F.R. § 200.322. To the greatest extent practicable, Bidder shall provide a preference for goods, products, and materials produced in the United States;
6. Procurement of recovered materials, 2 C.F.R. § 200.323 and Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, for items designated in EPA guidelines at 40 C.F.R. Part 247; and

7. The FBI Criminal Justice Information Services (CJIS) Security Policy, 28 C.F.R. Part 20, and applicable ALEA policies governing access to, storage, transmission, use, and dissemination of criminal justice information.

Statutes and regulations prohibiting discrimination applicable to this award include, without limitation:

1. Title VI of the Civil Rights Act of 1964, 42 U.S.C. §§ 2000d et seq., and the DHS implementing regulations at 6 C.F.R. Part 21 and FEMA's at 44 C.F.R. Part 7;
2. Section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794;
3. The Age Discrimination Act of 1975, as amended, 42 U.S.C. §§ 6101 et seq.;
4. Title IX of the Education Amendments of 1972, 20 U.S.C. §§ 1681 et seq., and the DHS implementing regulations at 6 C.F.R. Part 17 and FEMA's at 44 C.F.R. Part 19;
5. Titles I, II, and III of the Americans with Disabilities Act of 1990, as amended, 42 U.S.C. §§ 12101 et seq.; and
6. Equal Employment Opportunity under Executive Order 11246, as amended, and 41 C.F.R. Part 60, as applicable.

Whistleblower protections. In accordance with 41 U.S.C. § 4712 and 2 C.F.R. § 200.217, Bidder may not discharge, demote, or otherwise discriminate against an employee in reprisal for a protected disclosure concerning gross mismanagement of a federal contract or grant, a gross waste of federal funds, an abuse of authority relating to a federal contract or grant, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a federal contract or grant. Bidder shall inform its employees in writing of these rights and remedies in the predominant native language of the workforce, and shall include this requirement in any subcontract under this procurement.

Bidder understands that making false statements or claims in connection with the use of federal funds is a violation of federal law and may result in criminal, civil, or administrative sanctions.

These Minimum Legal Requirements and the Required Contract Provisions apply to any purchase order issued under this ITB. Bidder must acknowledge and accept them on Attachment 1. Exceptions to these provisions will not be accepted and may render a bid non-responsive.

REQUIRED CONTRACT PROVISIONS

The following provisions, required by 2 C.F.R. § 200.327 and Appendix II to 2 C.F.R. Part 200 and by Limestone County Policy FIN-2013-A, apply to any purchase order issued under this ITB.

Remedies. If the successful bidder fails to deliver, install, or provide goods or services in accordance with this ITB, the County may withhold payment for the nonconforming goods or services, require correction or replacement at the bidder's expense, and pursue any other remedy available under Alabama law, including recovery of the excess cost of obtaining substitute goods or services.

Termination for cause. The County may terminate a purchase order, in whole or in part, by written notice if the successful bidder fails to perform any material obligation and does not cure within ten (10) days after written notice. The County shall pay only for conforming goods and services delivered and accepted before termination.

Termination for convenience. The County may terminate a purchase order, in whole or in part, for its convenience by written notice, including if federal or County funding is withdrawn or reduced. The County shall pay for conforming goods and services delivered and accepted before the effective date of termination, and for reasonable, documented costs incurred for work in progress that cannot be cancelled, but not for anticipated profit on work not performed.

Equal employment opportunity. Executive Order 11246, as amended, and 41 C.F.R. Part 60, as applicable.

Rights to inventions. Rights to any invention made under a contract or agreement under this ITB are governed by 37 C.F.R. Part 401 and the standard patent rights clause at 37 C.F.R. § 401.14, as applicable.

Texting while driving. Pursuant to Executive Order 13513, 74 F.R. 51225 (Oct. 6, 2009), the successful bidder shall adopt and enforce a policy banning text messaging while driving company-owned, rented, or personally owned vehicles when performing work under a purchase order issued under this ITB, and shall establish workplace safety policies to decrease accidents caused by distracted drivers.

Procurement of recovered materials. 2 C.F.R. § 200.323, for items designated in EPA guidelines at 40 C.F.R. Part 247.

Access to records and retention. The successful bidder shall give the County, ALEA, the U.S. Department of Homeland Security, FEMA, the Comptroller General of the United States, and their authorized representatives access to any books, documents, papers, and records directly pertinent to a purchase order issued under this ITB, for the purpose of audits, examinations, excerpts, and transcriptions, as provided in 2 C.F.R. § 200.337. The successful bidder shall retain those records for a period of not less than **seven (7) years** from the date of final payment or contract closeout, whichever is later, consistent with the retention schedule established by the Alabama Local Government Records Commission and Limestone County Policy FIN-2013-A, or longer if required by 2 C.F.R. § 200.334.

Facility access and personnel security. Vendor personnel working at the Limestone County Jail or any Sheriff's Office facility shall comply with all Sheriff's Office security, escort, search, and conduct rules. Vendor personnel with unescorted access to secure areas, or with access to CJI or systems containing CJI, shall complete the fingerprint-based background check and security awareness training required by the CJIS Security Policy and ALEA before receiving access, and the successful bidder shall execute the FBI CJIS Security Addendum. The Sheriff's Office may deny or revoke access for any vendor employee at its discretion.

Data ownership. All biometric, booking, identification, and transaction data captured, stored, or transmitted by any system provided under this ITB is the property of Limestone County or the appropriate governmental custodian. The successful bidder shall not use, disclose, sell, or retain County data except as necessary to perform the purchase order. Upon termination or expiration of any support or license agreement, the successful bidder shall, at the County's request, export all County data in a standards-compliant, non-proprietary format and then securely destroy any copies in its possession in accordance with the CJIS Security Policy.

Eligibility of equipment and substitutions. Any award under this ITB is limited to items eligible under the current FEMA Authorized Equipment List and within the County's ALEA-approved budget. The County may reject a proposed substitution, in whole or in part, if the substituted item is not eligible under the Authorized Equipment List or would require a budget amendment that ALEA has not approved. All substitutions must be of the same or better quality and utility as the equipment described in this ITB, and the County may require an explanation for any substitution.

Small, minority, women's, veteran-owned, and labor surplus area firms. Consistent with 2 C.F.R. § 200.321 and Limestone County Policy FIN-2013-A, small businesses, minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are encouraged to bid. If the successful bidder subcontracts any portion of the work, it is encouraged to take the affirmative steps listed in 2 C.F.R. § 200.321(b).

Settlement of disputes. Limestone County, and not any federal awarding agency, is responsible for the settlement of all contractual and administrative issues arising out of this procurement, including source evaluation protests, disputes, and claims.

Section II — Bid Specifications

All products and services shall meet or exceed the specifications below. Exceptions must be submitted as a separate document attached to the Bid Submittal Form, with specific reference to the lot and the excepted criterion. Exceptions are limited to this Section II; exceptions to the Minimum Legal Requirements or the Required Contract Provisions will not be accepted. The awarding authority may accept or reject any exception in whole or in part.

All bids shall be F.O.B. destination. Freight and delivery charges must be included in the bid price. The successful bidder is responsible for freight, risk of loss, and damage to the equipment up to the destination where it is received.

The requirements below allow the awarding authority to uniformly evaluate the prices submitted. No warranty or guarantee of quantities beyond those stated for each lot is given or implied.

GENERAL REQUIREMENTS — ALL LOTS

The following apply to every lot. Any deviation shall be noted as an exception with a detailed explanation and the reason for it.

1. **New equipment.** All equipment shall be new, unused, current-production equipment. Refurbished, remanufactured, reconditioned, demonstration, previously deployed, or used equipment will not be accepted.
2. **Turnkey system.** Each lot shall be delivered as a turnkey system including all hardware, peripherals, cabling, chargers, accessories, software, licensing, installation or provisioning, configuration, testing, training, and documentation necessary to place the system into operational use. The County will not furnish any computer, workstation, tablet, scanner, camera, or other system hardware. Any component necessary for the required functionality that is omitted from the bidder's price shall nevertheless be furnished at no additional cost to the County.
3. **Major components.** Bidder shall identify the manufacturer and model of each major component proposed.
4. **Licensing and recurring costs.** Bidder shall state whether each software license is perpetual, annual, subscription, term-based, device-based, user-based, concurrent-user, or otherwise limited, and shall disclose on the lot's Recurring Cost Disclosure every recurring software, license, transaction, matching, database, hosting, device-management, portal, support, cellular, or data fee, and how each is calculated. No undisclosed software, service, or fee shall be required for the system to perform the mandatory functions in this ITB.
5. **ALEA submission.** Transactions shall comply with the ANSI/NIST-ITL standard and the FBI Electronic Biometric Transmission Specification (EBTS), as applicable, and with ALEA's submission requirements for the County. Bidder shall coordinate the connectivity, configuration, testing, and approval steps within its scope, and shall identify in its bid all County, ALEA, network-provider, and third-party responsibilities and any known fees charged by parties other than the Bidder.
6. **CJIS security.** The system and all software and services provided shall comply with the FBI CJIS Security Policy then in effect and applicable ALEA security requirements. Bidder shall describe user authentication, role-based permissions, audit logging, encryption of data in transit and at rest, patching, vulnerability remediation, and remote-support controls.
7. **Cloud services.** Any cloud-hosted or externally hosted component shall be disclosed, including hosting location, data ownership, data export, data deletion, and incident-notification procedures.
8. **Covered telecommunications.** No equipment, system, or service provided under this ITB may use covered telecommunications or video surveillance equipment or services as described in

Section 889 and 2 C.F.R. § 200.216, including components built into a larger system or sold under another brand. Bidder shall complete Attachment 4 for each lot bid.

9. **Warranty commencement.** The warranty period for each lot begins on the date of final acceptance of that lot.
10. **Support disclosure.** For each lot, Bidder shall state support hours, emergency and after-hours availability, remote-support method, escalation process, hardware replacement process and typical response time, and software update policy, and shall disclose all warranty exclusions, travel charges, shipping charges, and parts exclusions.
11. **Documentation.** Bidder shall provide complete operator and administrator documentation in electronic form, and in printed form upon request.
12. **Delivery time.** Bidder shall state its firm delivery and installation or provisioning time, in calendar days from receipt of the purchase order, on the lot's Bid Form.

LOT 1 — DESKTOP BIOMETRIC BOOKING / LIVESCAN STATIONS (TWO (2) STATIONS)

Bidder shall provide two (2) complete, fully integrated desktop biometric booking and identification stations for the intake and booking areas of the Limestone County Jail.

Workstation and configuration

- Each station shall include a workstation computer, monitor, keyboard and mouse or equivalent input devices, all cabling, and mounting equipment, with an operating system supported by the manufacturer for the duration of the warranty period.
- Each station shall be designed for a booking counter or desktop/tabletop environment. A full-height dedicated cabinet shall not be required.
- Bidder shall identify the minimum network, electrical, space, and environmental requirements the County must provide at each installation location.
- Both stations will be installed at existing booking positions within the Limestone County Jail, using existing network and electrical connections. No equipment will be installed in any new area. Bidder shall not perform any building alteration, including new wall penetrations, new cabling runs through building structure, or new electrical circuits. Any network, electrical, or mounting provision required beyond what already exists at the booking positions shall be identified in the bid and will be provided by the County.

Fingerprint and palm capture

- Each station shall include a tenprint and palm print capture device certified by the FBI under Appendix F of the EBTS, with a capture resolution of not less than 500 ppi.
- Each station shall capture rolled fingerprints, flat/slap impressions, and full palm prints, including writer's palm.
- The capture software shall perform automated image quality assurance, including quality scoring of each impression, finger sequence checking, slap-to-roll comparison, and automatic prompting of the operator to rescan impressions that fail quality or sequence checks.

Photograph, iris, and other capture

- Each station shall include a digital mugshot camera and capture software capable of producing front and profile facial images that comply with applicable ANSI/NIST-ITL standards, together with any lighting, mounting hardware, and NIST-compliant backdrop necessary for compliant image capture. Authorized users shall be able to retrieve, reprint, and export subject photographs.

- Each station shall include an iris capture camera and software capable of capturing and storing iris images in a format compliant with applicable ANSI/NIST-ITL standards and associating them with the subject's local record. Bidder shall state whether iris data is searchable for identification, verification-only, or stored for future integration. Iris capture shall not prevent normal fingerprint and photograph booking if the iris device is temporarily unavailable.
- Each station shall be capable of capturing scars, marks, and tattoos (SMT) images and electronic signatures.
- The capture software shall allow entry of demographic booking data and shall assemble demographic data, fingerprints, palm prints, facial images, iris images, and SMT images into a single booking record and transaction.

ALEA submission

- The system shall generate transactions that comply with the ANSI/NIST-ITL and FBI EBTS standards and shall be capable of electronic submission to the ALEA AFIS/ABIS and, through ALEA, to the FBI Next Generation Identification (NGI) system, using the workflow approved by ALEA. Bidder shall provide with its bid either documentation of ALEA approval of the proposed system for that submission, or the written description of steps, responsible parties, and timeline required by Bidder Qualification 6.
- The system shall support, at a minimum, criminal, applicant, and sex offender registration transaction types, and shall display AFIS/NGI transaction status, response, hit/no-hit, and error messages at the booking station.
- The Sheriff's Office connects to ALEA over an existing dedicated point-to-point circuit. Bidder should assume the Lot 1 stations will submit through that existing connection, and shall state what, if anything, is required on the Bidder's side to use it. Bidder shall coordinate directly with ALEA on state-side configuration, testing, and approval.

Local database and positive identification

- Both stations shall share a single local biometric database. Separate, unsynchronized databases at each station are not acceptable.
- The system shall store completed booking records electronically, including fingerprints, demographic data, photographs, iris records, and transaction status, and shall allow authorized users to search, retrieve, review, and reprint prior records without locating paper fingerprint cards.
- The base system shall store at least ten thousand (10,000) tenprint/booking records without an additional archive product. Bidder shall state the maximum capacity as configured, the scalable maximum, and the cost of expansion.
- The system shall provide a local 1:N fingerprint identification function at the booking station that allows staff to determine whether a person being booked already exists in the County's local biometric database. Bidder shall state the number and type of fingers used and the typical search response time.
- The system shall support 1:1 fingerprint verification of a known subject record, or an equivalent positive-identification workflow.
- Search results shall present enough identifying information for an operator to distinguish likely candidates, such as prior photograph, name and aliases, date of birth, local identifier, and prior fingerprint record.
- Any separate server, matching engine, license, annual fee, or record-capacity limit required for 1:N identification shall be identified, and all components necessary for this function shall be included in the Total Base Bid.

- The system shall provide role-based user access, audit logging, and backup and recovery capability. Bidder shall describe the database platform, backup method, retention controls, and any County-provided infrastructure required.
- Bidder shall describe the system's ability to continue basic booking capture during a temporary loss of external network connectivity.

Printing

- The system shall be capable of printing FBI-certified, duplex tenprint cards from stored records on demand. Bidder shall include in its bid price any printer, drivers, or software required, and shall identify consumables not included.

JMS/RMS interface

- The system shall be capable of interfacing with the Sheriff's Office Jail Management System / Records Management System to eliminate duplicate demographic data entry and to return images or identifiers to the JMS/RMS. The interface is priced as a fixed allowance on Attachment 2A so that the JMS/RMS platform need not be identified at bid time, and bidders are not expected to request it. The County will identify its JMS/RMS provider to the successful bidder following award.
- Bidder shall describe the interface methods available (API, web service, file exchange, database interface, or other) and shall list the JMS/RMS platforms with which it has completed prior integrations.
- Bidder shall include on Attachment 2A an allowance of eighty (80) hours of bidder-side integration labor for the JMS/RMS interface, priced at the hourly rate bid on that form. Integration work beyond the allowance, if any, will be authorized by the County in writing at the same hourly rate. Any bidder-side API, license, or product fee required for the interface shall be included in that line or separately identified in the bid. Work performed by the County's JMS/RMS provider on its own system will be contracted separately by the County and is not part of this ITB.

Installation and training

- Bidder shall provide all installation, configuration, system integration, and connectivity testing required to place both stations into full operational use at the Limestone County Jail, including coordination with ALEA for AFIS/ABIS connectivity and approval. Installation shall be priced to completion and may not be capped at a stated number of hours. Bidder shall state whether installation will be performed on site, remotely, or both.
- Bidder shall provide on-site, instructor-led training for Sheriff's Office booking operators and system administrators, including at least one (1) on-site session, covering fingerprint and palm capture, photograph capture, iris capture, SMT capture, local 1:N identification, 1:1 verification, record retrieval, printing, ALEA submission and responses, troubleshooting, and administrator functions.

Warranty and maintenance

- Bidder shall provide a minimum warranty of one (1) year from the date of final acceptance covering all hardware and software supplied, including parts, labor, hardware repair or replacement, and software updates and patches, with telephone and remote technical support available not less than 8:00 a.m. to 5:00 p.m. Central Time, Monday through Friday. Remote software support alone does not satisfy this requirement.
- Bidder shall state on Attachment 2A its firm annual price for optional maintenance and support for years two (2) through five (5), shown separately by year, and the support level bid (8×5 or 24×7).

Delivery and acceptance

- Bidder shall ship and deliver both stations, F.O.B. destination, to the Limestone County Jail, 101 West Elm Street, Athens, AL 35611.
- Final acceptance of Lot 1 will occur after the County verifies that both stations perform all mandatory functions in this Lot 1, including successful electronic submission of test transactions to the ALEA AFIS/ABIS and receipt of responses at the station, local 1:N identification and 1:1 verification against the shared database, and printing of a tenprint card, and that all training and documentation have been delivered.

LOT 2 — MOBILE BOOKING / FINGERPRINT CAPTURE SOLUTION (ONE (1) UNIT)

Bidder shall provide one (1) complete, turnkey mobile biometric booking solution that allows authorized Sheriff's Office personnel to capture booking fingerprints, a subject photograph, and demographic information away from the jail or other fixed facility, including roadside, field, transport, remote-event, and other mobile operations. The unit shall not require the operator or subject to be inside the Limestone County Jail to capture fingerprints.

Complete mobile unit

- The unit shall integrate or securely connect a fingerprint capture device with a portable computer or tablet suitable for mobile field use. The vendor shall provide the computer or tablet and all equipment required for operation.
- The tablet or computer shall be a current-production model at the time of delivery, supplied with a licensed, supported operating system. Touchscreen operation is preferred.
- Bidder shall identify the manufacturer, model, dimensions, weight, operating system, battery characteristics, expected battery runtime, charging options, and environmental and operating limitations of the unit.

Fingerprint capture

- The unit shall capture 1-, 2-, and 4-finger flat/slap impressions and a complete tenprint set at a minimum. Bidder shall describe any rolled-print capability.
- The fingerprint capture hardware shall be FBI Appendix F certified, or shall meet the current FBI certification applicable to the proposed device and intended transaction type.
- The software shall provide real-time image quality feedback and operator prompts sufficient to identify inadequate captures before the field booking is completed.
- Captured fingerprints shall be associated with the subject's demographic and booking record.

Offline operation

- Fingerprint capture shall function without an active Wi-Fi, cellular, VPN, or facility network connection.
- Records captured offline shall be securely stored on the device until an authorized connection is restored, and shall be protected against accidental loss, unauthorized access, and device restart.
- The system shall provide a batch-upload or store-and-forward workflow so pending records are transmitted through the County's approved workflow when connectivity becomes available. Loss of connectivity shall not cause records to be lost or require fingerprints to be recaptured.
- Bidder shall state the number of offline records the unit can store and explain how operators are alerted to records awaiting transmission.

Network connectivity and State submission

- The unit shall be Wi-Fi capable. Bidder shall describe support for County-provided cellular hotspot or mobile-data connectivity, VPN, or other secure remote connectivity.
- Any cellular modem, SIM, carrier plan, mobile-data subscription, VPN client, or third-party service required for operation and not included in the Total Base Bid shall be identified and separately priced on Attachment 2B.
- When connectivity is available and required State approvals are in place, the solution shall be capable of transmitting qualifying fingerprint transactions to the ALEA AFIS/ABIS or successor system through the approved workflow.
- Bidder shall provide technical assistance within its scope for the configuration, testing, or approval required to place the mobile workflow into production.

Camera and photograph

- The unit shall include an integrated or vendor-furnished camera capable of capturing a subject photograph in the field, associated with the same mobile booking record as the fingerprints. Bidder shall state camera resolution and photograph workflow.
- The unit shall include a portable backdrop or equivalent portable photo solution suitable for field booking.

Software and security

- The bid shall include all mobile booking, fingerprint capture, demographic entry, photograph capture, offline storage, upload and transmission, device-operation, and administrative software necessary to meet this Lot 2.
- Bidder shall provide any mobile device management (MDM) or equivalent security and management capability required for compliant mobile deployment, and shall describe encryption at rest and in transit, device and user authentication, role-based access, audit logging, remote management, lost or stolen device protections, software patching, and remote-support controls.
- Bidder shall describe recovery procedures for failed uploads, interrupted transmissions, and device replacement, and how successfully transmitted records are retained or removed from the device.

Accessories

- The unit shall be supplied with a protective transport case suitable for routine mobile deployment, and all required chargers (including a 120VAC charger), power supplies, cables, and adapters.
- Bidder shall identify and separately price on Attachment 2B any recommended optional accessory not included in the Total Base Bid, such as a vehicle power adapter, portable battery, docking station, or rugged case.

Installation, training, warranty, and acceptance

- Bidder shall provide project management, shipping, installation and configuration, and system testing.
- Bidder shall provide on-site, instructor-led training for Sheriff's Office personnel covering field setup, fingerprint capture, photograph capture, demographic entry, offline capture, secure storage, batch upload, State submission workflow, troubleshooting, charging, device security, and administrator functions.

- Bidder shall provide a minimum warranty of one (1) year from the date of final acceptance covering hardware repair or replacement, software updates, and standard support, included in the Total Base Bid, and shall state on Attachment 2B its firm annual price for optional maintenance and support for years two (2) through five (5) and the price of optional 24×7 support if available.
- Bidder shall deliver the unit, F.O.B. destination, to the Limestone County Sheriff's Office, 101 West Elm Street, Athens, AL 35611.
- Final acceptance of Lot 2 will occur after the County verifies fingerprint capture, photograph capture, offline capture, secure retention, reconnection and batch upload, and the other mandatory functions of this Lot 2, and that all training and documentation have been delivered.

LOT 3 — HANDHELD MOBILE FINGERPRINT IDENTIFICATION DEVICES (FOUR (4) DEVICES)

Bidder shall provide four (4) complete, all-in-one handheld mobile fingerprint identification devices that allow authorized Sheriff's Office personnel to capture a subject fingerprint and photograph, securely transmit a biometric identification query, and receive identification results on the same device. Intended uses include roadside encounters, warrant service, investigations, field contacts, crime scenes, and other locations away from a fixed facility.

All-in-one device with integrated cellular

- The fingerprint sensor, computing and display device, cellular communications hardware, camera, and required software shall be integrated into one handheld field unit, or one purpose-built enclosure carried and operated as a single handheld device.
- The cellular modem or radio, SIM/eSIM or equivalent subscriber technology, and all hardware necessary for cellular data communications shall be internal to the device. The device shall not require a separate cellular telephone, mobile hotspot, MiFi, vehicle modem or router, laptop, tablet, tethered device, or other external communications device to transmit a query or receive results.
- Wi-Fi may be provided as an additional connectivity option but shall not substitute for integrated cellular data. Bluetooth may be provided for optional peripherals, but the identification workflow shall not depend on pairing the device with another computer or communications device.
- Bidder shall identify device dimensions, weight, operating system, ingress, drop, and environmental ratings, battery capacity, expected field runtime, and approximate recharge time.

Fingerprint and photograph capture

- Each device shall include an integrated FBI-certified fingerprint sensor appropriate for mobile rapid identification. Bidder shall identify the applicable FBI certification, including FAP level, and provide supporting documentation.
- At a minimum, each device shall capture a single flat fingerprint suitable for identification searching, provide operator feedback on image quality, and permit recapture before submission.
- Each device shall include an integrated camera capable of capturing a subject photograph, associated with the same identification transaction or subject record, without an external camera.

Identification search and results

- Each device shall be capable of submitting mobile fingerprint identification queries through the approved Alabama workflow to the ALEA biometric database or successor system, subject to ALEA approval and connectivity.
- Each device shall be capable of querying the FBI Repository for Individuals of Special Concern (RISC) when authorized and supported through the approved State and federal workflow.

- Search results shall be returned to and displayed on the same handheld device. The workflow shall not require the officer to return to the jail, connect to a separate computer, or use another mobile device. Bidder shall describe the typical transaction workflow and expected response time.

Cellular data service

- Bidder shall provide, provision, and activate an active cellular data plan for each device at delivery, sufficient for normal law enforcement biometric query operations, without requiring County personnel to obtain or manage a separate carrier account. The first year of cellular service shall be included in the Total Base Bid.
- Bidder shall identify the carrier or carrier options supported and describe coverage and failover options, if available.
- Cellular transmissions containing CJI or biometric information shall use secure encrypted communications appropriate to the approved CJIS/ALEA architecture.
- Bidder shall provide one point of support for the device and its vendor-provided cellular service, or clearly describe the support process.
- Bidder shall identify all activation, SIM/eSIM, carrier, data, roaming, overage, suspension, renewal, and replacement costs. Undisclosed mandatory data charges will not be accepted.

Software, security, and power

- The bid shall include all rapid identification, fingerprint capture, photograph capture, communications, security, MDM, administration, and other software required for the mandatory functions. The first year of all mandatory licenses, subscriptions, support, portals, device management, and cellular service shall be included in the Total Base Bid.
- Each device shall support multi-factor authentication appropriate to the approved CJIS architecture, and remote lock and wipe. Bidder shall describe procedures for a lost or stolen device.
- Bidder shall include all required AC charging equipment for each device, and shall separately price an optional vehicle charging solution on Attachment 2C if available.

Provisioning, training, warranty, and acceptance

- Bidder shall provide shipping, device provisioning, software installation, cellular activation, integration and configuration, and testing, and shall assist with technical steps within its scope necessary to establish the approved ALEA/FBI query workflow.
- Bidder shall provide administrator, trainer, and end-user training covering fingerprint capture, photograph capture, cellular operation, query submission, interpretation of returned results, authentication, charging, troubleshooting, device security, and lost or stolen device procedures.
- Bidder shall provide a minimum warranty and support of one (1) year from the date of final acceptance, included in the Total Base Bid, covering hardware repair or replacement and software updates.
- Bidder shall state on Attachment 2C its firm annual renewal price for years two (2) through five (5) for all required maintenance, software, MDM and security services, administrative portal fees, and cellular data service, distinguishing per-device charges from per-agency charges.
- Bidder shall deliver all four (4) devices, F.O.B. destination, to the Limestone County Sheriff's Office, 101 West Elm Street, Athens, AL 35611.
- Final acceptance of Lot 3 will occur after the County verifies that each device can capture a fingerprint and photograph and transmit and receive a test or approved identification transaction

using the device's own integrated cellular connection, without a separate hotspot, phone, laptop, or other communications device, and that all training and documentation have been delivered.

BID SUBMITTAL FORM

BID ITEM: Biometric Booking and Mobile Identification Equipment — ITB 2936

Lot(s) bid (check all that apply):

____ Lot 1 — Desktop Biometric Booking / Livescan Stations (2)

____ Lot 2 — Mobile Booking / Fingerprint Capture Solution (1)

____ Lot 3 — Handheld Mobile Fingerprint Identification Devices (4)

Company Name: _____

Address: _____

City, State, ZIP: _____

Bid Submitted by: _____

Title: _____ Email: _____

Phone: _____ UEI: _____

By submitting this bid, we agree: **Initials**

That the product bid meets the bid specifications for each lot bid. _____

That the bid price will be honored for the period through the contract term. _____

That goods and services provided will be as described in this bid at the bid price. _____

That the company representative listed above will be the source of contact for the contract. _____

That awarded bidder will be responsible for providing all goods and services included in the ITB for each lot awarded. _____

That the bid includes the forms required under Alabama law as defined in this ITB. _____

That bidder agrees to be compliant with the Minimum Legal Requirements and Required Contract Provisions as defined in this ITB. _____

That bidder is not suspended or debarred from contracting pursuant to 2 C.F.R. § 200.214 and 2 C.F.R. Parts 180 and 3000. _____

That bidder did not assist Limestone County in developing or drafting the specifications, scope of work, or needs assessment for this procurement. _____

That no equipment, system, or service bid, including any component built into another product or sold under another brand, uses covered telecommunications or video surveillance equipment or services as described in Section 889 and 2 C.F.R. § 200.216, and that Attachment 4 is complete and accurate for each lot bid. _____

That bidder will comply with the FBI CJIS Security Policy, will execute the FBI CJIS Security Addendum, and will ensure vendor personnel meet CJIS and ALEA personnel-security requirements. _____

That for each lot bid, bidder has identified the equipment and software proposed and the entity responsible for each step required to establish ALEA-approved submission or query capability, and that establishing that capability is a condition of final acceptance. _____

That the Recurring Cost Disclosure for each lot bid lists every recurring fee required for normal operation, and that no undisclosed software, service, or fee is required. _____

That the County's biometric and booking data remains County property and will be exported to the County upon request as provided in this ITB. _____

That bidder accepts the payment terms set out in this ITB, consisting of fifty percent (50%) upon delivery and installation of each lot (delivery and provisioning for Lots 2 and 3) and fifty percent (50%) upon final acceptance of that lot, with no payment in advance of delivery. _____

Acknowledgment of addenda received: No. ____ dated _____ No. ____ dated _____ No. ____ dated _____

ATTACHMENT 3
REQUIRED FORMS

The following forms must be completed and returned with the bid:

- Certificate of Compliance with the Beason-Hammon Alabama Taxpayer and Citizen Protection Act
- Certificate of Compliance with Act 2016-312
- Certificate of Compliance with Act No. 2023-409
- Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion — Lower Tier Covered Transactions
- IRS Form W-9

All five forms follow. Bidder's E-Verify Memorandum of Understanding with the Department of Homeland Security is not reproduced here and must be obtained by the Bidder from the E-Verify system and returned with the bid.

CERTIFICATE OF COMPLIANCE WITH THE BEASON-HAMMON ALABAMA TAXPAYER AND CITIZEN PROTECTION ACT (ACT 2011-535, as amended by ACT 2012-491)

State of _____) DATE: _____

County of _____)

RE Contract/Grant/Incentive (describe by number or subject):

_____ by and between

_____ (Contractor/Grantee) and

_____ (State Agency, Department or Public Entity)

The undersigned hereby certifies to the State of Alabama as follows:

1. The undersigned holds the position of _____ with the Contractor/Grantee named above, and is authorized to provide representations set out in this Certificate as the official and binding act of that entity, and has knowledge of the provisions of THE BEASON-HAMMON ALABAMA TAXPAYER AND CITIZEN PROTECTION ACT (ACT 2011-535 of the Alabama Legislature, as amended by ACT 2012-491) which is described herein as "the Act."
2. Using the following definitions from Section 3 of the Act, select and initial either (a) or (b), below, to describe the Contractor/Grantee's business structure.

   BUSINESS ENTITY. Any person or group of persons employing one or more persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood, whether for profit or not for profit.

   a. Self-employed individuals, business entities filing articles of incorporation, partnerships, limited partnerships, limited liability companies, foreign corporations, foreign limited partnerships, and foreign limited liability companies authorized to transact business in this state, business trusts, and any business entity that registers with the Secretary of State.

   b. Any business entity that possesses a business license, permit, certificate, approval, registration, charter, or similar form of authorization issued by the state, any business entity that is exempt by law from obtaining such a business license, and any business entity that is operating unlawfully without a business license.

   EMPLOYER. Any person, firm, corporation, partnership, joint stock association, agent, manager, representative, foreman, or other person having control or custody of any employment, place of employment, or of any employee, including any person or entity employing any person for hire within the State of Alabama, including a public employer. This term shall not include the occupant of a household contracting with another person to perform casual domestic labor within the household.

   _____ (a) The Contractor/Grantee is a business entity or employer as those terms are defined in Section 3 of the Act.

   _____ (b) The Contractor/Grantee is not a business entity or employer as those terms are defined in Section 3 of the Act.

3. As of the date of this Certificate, the Contractor/Grantee does not knowingly employ an unauthorized alien within the State of Alabama and hereafter it will not knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama;
4. The Contractor/Grantee is enrolled in E-Verify unless it is not eligible to enroll because of the rules of that program or other factors beyond its control.

CERTIFICATE OF COMPLIANCE WITH ACT # 2023-409

RE: Contract ITB **2936**, Biometric Booking and Mobile Identification Equipment, by and between the Limestone County Commission and _____ (Contractor).

The undersigned hereby certifies as follows:

1. The undersigned holds the position of _____ with the Contractor named above, is authorized to provide the representations set out in this Certificate as the official and binding act of that entity, and has knowledge of Act # 2023-409 of the Alabama Legislature.

2. **Select one:**

   ____ (a) The Contractor is a for-profit entity, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company with 10 or more full-time employees, and the contract could exceed $15,000 over its term. The Contractor provides the verification in paragraph 3 below.

   ____ (b) The Contractor has fewer than 10 full-time employees, or the contract could not exceed $15,000 over its term. The written verification requirement of Act No. 2023-409 does not apply to the Contractor for this contract. The Contractor certifies that this statement is true and correct.

3. **If box (a) is selected:** The Contractor, without violating controlling law or regulation, does not and will not, during the term of the contract, engage in economic boycotts. Without an ordinary business purpose, the Contractor does not and will not refuse to deal with, terminate business activities with, or otherwise take any commercial action that is intended to penalize or inflict economic harm on a company solely because the company, without violating controlling law or regulation, does any of the following:

   a) Engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy, timber, mining, or agriculture.

   b) Engages in, facilitates, or supports the manufacture, import, distribution, marketing or advertising, sale, or lawful use of firearms, ammunition, or component parts and accessories of firearms or ammunition.

   c) Does not meet, is not expected to meet, or does not commit to meet environmental standards or disclosure criteria, in particular to eliminate, reduce, offset, or disclose greenhouse gas emissions.

   d) Does not meet, is not expected to meet, or does not commit to meet corporate employment or board composition, compensation, or disclosure criteria.

   e) Does not facilitate, is not expected to facilitate, or does not commit to facilitate access to abortion or sex or gender change surgery, medications, treatment, or therapies.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION — LOWER TIER COVERED TRANSACTIONS

ITB: **2936 Biometric Booking and Mobile Identification Equipment**

This certification is required by 2 C.F.R. Part 180, as implemented by the U.S. Department of Homeland Security at 2 C.F.R. Part 3000, and 2 C.F.R. § 200.214.

1. The Bidder certifies, by submission of this bid, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
2. Where the Bidder is unable to certify to any of the statements in this certification, the Bidder shall attach an explanation to its bid.
3. The Bidder shall provide immediate written notice to Limestone County if at any time it learns that this certification was erroneous when submitted or has become erroneous because of changed circumstances.
4. The Bidder shall include this certification requirement, without modification, in any lower tier covered transaction it enters into under this procurement, and shall verify that its lower tier participants are not excluded or disqualified.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See *Specific Instructions* on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) _____

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) _____

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____

(Applies to accounts maintained outside the United States.)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions ☐

5 Address (number, street, and apt. or suite no.). See instructions.

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

___ - ___ - ____

or

Employer identification number

__ - _____

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Attachment 4

SECTION 889 COMPLIANCE CERTIFICATION

Company Name: _____ UEI: _____

List every camera, fingerprint or palm scanner, iris camera, computer, tablet, cellular modem or radio, networking component, and other communications or video component in each lot bid, including components built into another product or sold under another brand. Attach additional pages if needed.

Lot	Component	Manufacturer	Model	Built into (product), if applicable

The undersigned certifies, for each lot bid, that:

1. The components listed above are all of the communications, video, imaging, and networking components of the equipment and services bid, including components built into another product or sold under another brand;
2. No listed component, and no service provided under this ITB, is covered telecommunications equipment or services or video surveillance equipment or services produced or provided by Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company, or any subsidiary or affiliate of those entities, as described in Section 889 of Pub. L. 115-232 and 2 C.F.R. § 200.216;
3. Bidder's covered telecommunications representations in SAM.gov are current and accurate; and
4. Bidder will notify the County in writing within one (1) business day if it learns that any equipment or service furnished under this ITB uses covered equipment or services, and will replace it with compliant equipment or services at no cost to the County.
